

QUALITY POLICY

DIESEL POWER (EAST ANGLIA) Ltd

Diesel Power (East Anglia) Ltd is committed to providing quality products and services for its customers through the application of suitable quality plans and systematic processes and in accordance with Quality Management System requirements ISO 9001.

The objectives of the quality policy are to:

- ❖ Ensure adequate control of the quality of products and service delivered to our clients;
- ❖ Increase the quality of products and services;
- ❖ Improve process effectiveness;
- ❖ Reduce waste and cost;
- ❖ Continually improve performance;
- ❖ Provide an auditable system;
- ❖ Provide a framework for Quality objectives and targets, through continuous monitoring and performance review as part of the Management Review process;
- ❖ Provide baseline for continuous improvement to be measured against.

The Directors of Diesel Power (East Anglia) Ltd are committed to continually improving the quality of products, service and customer satisfaction. Management shall ensure full implementation of the primary elements of this policy.

In addition, this policy requires that every individual within the Company take responsibility for his or her own quality performance, and to work to the highest standard of performance achievable

It is Company policy to display this statement for the attention of customers, employees and subcontractors.

Signed:

Mr Jae Skipper
Managing Director
