

ENVIRONMENTAL POLICY STATEMENT

DIESEL POWER (EAST ANGLIA) Ltd

Protection of the environment in which we live and operate is part of Diesel Power (East Anglia) Ltd values and principles and we consider it to be sound business practice. Care for the environment is one of our key responsibilities and an important part of the way in which we do business.

In this policy statement we commit our company to:

- ❖ Complying with all relevant environmental legislation, regulations and approved codes of practice and in accordance with Environmental Management System requirements ISO 14001.
- ❖ Protecting the environment by striving to prevent and minimise our contribution to pollution of land, air, and water.
- ❖ Seeking to keep wastage to a minimum and maximise the efficient use of materials and resources and where possible recycle.
- ❖ Managing and disposing of all waste in a responsible manner, using approved waste carriers.
- Providing training for our staff so that we all work in accordance with this policy and within an environmentally aware culture.
- Regularly communicating our environmental performance to our employees and other stakeholders.
- Developing our management processes to ensure that environmental factors are considered during planning and implementation.
- ❖ Monitoring and continuously improving our environmental performance.

The policy statement will be regularly reviewed and update as necessary. The management team endorses these policy statements and is fully committed to their implementation.

The Directors of Diesel Power (East Anglia) Ltd are committed to continually improving the quality of products, service and customer satisfaction. Management shall ensure full implementation of the primary elements of this policy.

It is Company policy to display this statement for the attention of customers, employees and subcontractors.

Signed:

Mr. Jae Skipper
Managing Director
